

3/4/2015

Dear Brother John and Sister Tracy,

I hope and pray that you and your loved ones are doing well.

I would like to inform you and the congregation there at Graeber Road that we already received the box this afternoon. The box was in good condition when we received it.

Thank you so much for all that you put in there! Thank you also for the small box you enclosed for our family! Both of my kids are so happy with what they got. We will distribute all the stuff in the big box to the children in our congregation and to those in our feeding program.

Please give our love and appreciation also to the whole congregation there.

Take care always and God bless.

With much love and prayers,
Roberto Q. Indong
