

April 1, 2016

Dearest Brother John and Sister Tracy,

May this letter find you in your well-being and that all your labor for the glory of God continues to abound and be richly blessed.

Although I was involved in a motorcycle accident the first week of March after encouraging some of our new brethren, I am so thankful to God that I did not hit a three-year-old boy coming from nowhere that suddenly crossed the street. Praise the Lord for protecting me always through our prayers for each other, especially on that day that nothing really very serious happened to me. I was hurt and had some cuts and wounds on my knees and hands, but thanks to God for after two weeks of healing and recovering, I am now feeling a lot better.

We are just so blessed to spend time with our brethren, especially with those who were recently being added to the Lord's family as we visited and encouraged them. We get to

know each other better and draw closer to each other as we talk together telling about our life stories, families, and life's struggles and difficulties among other things. It is so inspiring to know that our visitation is bringing an impact on the lives of some of those that we have visited and encouraged. They have seen and really felt that we care for them, and as a result, they are also talking and encouraging

others to keep on serving the Lord in spite of all the problems and hardships in life. Indeed, all our labor in the Lord, even those that seem to be just small things for us are greatly contributing to the kingdom of God.

We are driven by the Lord's promises that all our efforts for the glory of God will be rewarded in heaven in due time, and that the more we go out to seek the lost souls the more chances we have to find them. With all this in mind, we continue to have Bible studies with those prospects that we have met in our feeding program, hospital visits, and house-to-house visits with the non-Christian family members of our brethren. We are so glad and thankful that all these opportunities in reaching out to the people in our community have been made possible

and available for us. Our hope and prayer is that the Lord will continue to inspire and strengthen us to keep on doing all this work.

Let us all praise the Lord and rejoice with the angels in heaven for the salvation of Amado Idio. We met Amado at our hospital visit in January this year. He was also involved in a

motorcycle accident that affected his eyes. He was attending a born again church in his barangay. While the ladies who came with us taught his mother that day, we took him outside and also studied the gospel with him. At the end of our lesson, he understood that his baptisms in the past were not done scripturally, and so he made a decision to make it this time in

accordance with what the Lord really teaches based on the Scripture. Please include him in your prayers as we continue to study with him for his spiritual growth.

We always appreciate so much all that you do for us and for the work of the Lord here.

Yours because of Calvary,
