

November 30, 2016

Dearest Brother John and Sister Tracy,

May the love of the Lord inspire you every day and may His wisdom guide you in every decision you make.

We count it all joy to be able to help brethren learn how to present the power of God to salvation. Our brethren from a neighboring congregation invited us for a whole day seminar and workshop to teach them how to share the gospel with the people in their community this month. In this event, we helped them clearly understand why the Lord came to earth, died on the cross, buried in a tomb, resurrected from the grave, and promised to come again. We demonstrated to them how to start a communication with a prospect and how to share with that prospect the gospel of Christ in its simplicity and purity. At the end of the event, we asked each of them to get a partner and practice it. We encouraged them to often do it until they get familiar with it and make them confident in sharing it.

We appreciate all your prayers for the family that I mentioned in my September update. They were a broken family for the past couple of months, but praise the Lord for they are now reunited. The Lord has guided and blessed our efforts in encouraging them to forgive and love each other again for the sake of their family, especially for their two year old child. We are so happy that they listened to the word of God that we shared with them, and they made the right decision to live again together as a family. We continue to study the Scriptures with them to strengthen more their relationship, especially to lead the husband to Christ.

Let us all give glory to God and rejoice with the angels in heaven for the salvation of three precious souls this month. Our new sisters in the Lord's family are Glendalyn Ferrer, Cresencia Austria, and Sheryl Cerencio. They are neighbors and relatives to a patient

that we met at the Pangasinan Provincial Hospital. While we were having a Bible study with the patient in an open area, they came over and joined us. They became interested in what they had heard and learned, so they asked us to come back for a further Bible study. They came from different religious backgrounds. Both Cresencia and Sheryl were Catholics while Glendalyn was a member of a born again church. After several times of meeting and studying with them, they decided to put on Christ in baptism when they understood that they needed to obey the gospel in order for their sins to be washed away by the blood of Christ. Let us remember these new brethren in our prayers for their spiritual growth.

It is always with mixed emotions every time we visit at the hospital. We are sad to see that people are in pain; on the other hand, we are glad and thankful that we can comfort and encourage them to never give up in life through the inspiring messages of God and prayers. When they are discharged

from the hospital, we visit those who agreed for a home visit in Calasiao. Usually, our visit with them ends up with a Bible study. We still continue to have Bible studies with those that we met in the past months. Some of them are already converted and added by the Lord to his church. This ministry connects us to more people that we can study with and lead to Christ along with those that are referred to us and those that we have met in the street through our door knocking, distribution of tracts, etc. Remember us in your prayers that through the grace and blessings of God all this effort will bring forth fruit for the salvation of many more souls.

We are always blessed and grateful to keep on serving God, fellow Christians, and other people. Thank you very, very much for your love, prayers, and all that you do and share to help us with the work of the Lord here.

Yours because of Calvary,
Roberto Indong
